

I AM YOURS

Stoller/Bellan

Long ago, thought I'd never ever find You
I was lost and Your sweet love I was so blind to
I was so empty then
No hope was in me then
On my own without a rudder to sustain me
Thought I could steer a course without You there to claim me
I couldn't see You then
I didn't need You then

You were there loving me without me knowing
All along holding me up without it showing

I am Yours
Each and every day I put my trust in You, Lord
Show me the path You have for me
I am Yours (I am Yours)
Show me the way for I am Yours

Now I know I will never be lonely
Gave my heart away and You alone can own it
You are my one true love
My Lord and God above
Every day I will sing and I will praise You
Shout Your name out loud for You alone have saved me
I want to thank You Lord
I praise and thank You Lord

You were there loving me without me knowing
All along holding me up without it showing

I am Yours
Each and every day I put my trust in You, Lord
Show me the path You have for me
I am Yours (I am Yours)
Show me the way for I am Yours

In my despair, Lord, I called Your name
And you were there
Down on my knees I humbly praise Your name

I am Yours
Each and every day I put my trust in You, Lord
Show me the path you have for me
I am Yours (I am Yours)
Show me the way for I am Yours
